chad	beatty	cbeatty@saratogapublishing.com	12/15/22, 8:16:24 PM	Other		Saratoga Biochar offers a much-needed green solution to human waste. In a state that leads the charge on environmental issues, this is a no-brainer, and the Moreau Industrial Park is a perfect location.
Robert	Talerico	batalco@aol.com	12/16/22, 7:22:48 AM	Other	This is a project which should be advanced at warp speed. It checks all the boxes in todays world especially the climate change world. I whole heartedly support this project.	
Carrie	Smith	carrie.smith108@yahoo.com	12/16/22, 8:37:12 AM	Other		I like what Saratoga Biochar brings to the table. We need this kind of technology innovation to help solve our waste management problems
Carrie	Smith	csmith@garnetrivier.com	12/16/22, 8:38:38 AM	Other		
Gus	Myhrberg	gmyhrberg@roadrunner.com	12/18/22, 5:05:06 AM	Glens Falls		How to you propose to validate your data to the public without independent review of your process. How can you make a claim without supporting evidence other than that which you yourself has provided?
William	Keating	wil.liam@roadrunner.com	12/18/22, 6:54:40 AM	Other		
Shannon	Gillis	handsoffthehudson@gmail.com	12/18/22, 1:18:41 PM	Hudson Falls	How can you ensure that your assessment of health and environmental impacts is not biased.	
Frank	Annese	fannesend1961@gmail.com	12/18/22, 3:42:23 PM	Other	As it relates to the general public State wide, are the current options to handle sludge sustainable? If not what are our options?	
Michael	Gargiulo	Mgarg1992@icloud.com	12/18/22, 5:26:16 PM	Other	I think new innovative businesses are an asset to the entire community. Biochar will provide a solution to a growing problem and provide great jobs for people in our area. With Lehigh closing down, this will be a benefit.

Bill	Austin	BillA@lu773.org	12/19/22, 3:58:13 PM	Moreau	With any building, there are environmental concerns. Your facility intends to truck in biosolid waste to be processed here in Moreau. Do you plan to process or store any hazardous wastes or materials?	What chemicals will be used/stored at your facility?
michael	jarvis	mikej@lu773.org	12/19/22, 4:05:55 PM	Other	What emission controls will you have in place to monitor for PFAS being released into the environment?	At some point we're going to reach a breaking point for waste disposal as landfills are accepting less biosolids. We need a solution to this growing problem before it's too late. If your plant does what you intend, Moreau will be leading the way.
Connie Margaret	Paradis Baker	conparadis@verizon.net	12/19/22, 4:11:14 PM	Moreau		
		marcie106@hotmail.com	12/19/22, 4:25:55 PM	Moreau	United States	Growing up in the time that GE dumped PCP's in our backyard. Friends from school that were sick because of them, people died from it. Why do you feel it is appropriate to put this in the area that we have raised our children and now my grandbabies.
